RESOLUTION # 136-11

RESOLUTION TO ESTABLISH A COMPLETE STREETS POLICY

WHEREAS, the Borough of Maywood is committed to creating street corridors that safely accommodate all road users of all abilities; and

WHEREAS, significant accomplishments have already been achieved by incorporating pedestrian safety and traffic calming measures when public streets are improved; and

WHEREAS, the Mayor and Council support this "complete streets" initiative and wish to reinforce its commitment to creating a comprehensive, integrated, connected street network that safely accommodates all road users of all abilities and for all trips;

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the Borough of Maywood, Bergen County, New Jersey, that all public street projects, both new construction and reconstruction (excluding maintenance) undertaken by the Borough of Maywood shall be designed and constructed as "complete streets" whenever feasible to do so in order to safely accommodate travel by pedestrians, bicyclists, public transit, and motorized vehicles and their passengers, with special priority given to pedestrian safety, and subject to the following conditions:

- a. Pedestrian and bicycle facilities shall not be required where they are prohibited by law.
- b. Public transit facilities shall not be required on streets not serving as transit routes and the desirability of transit facilities will be determined on a project specific basis.
- c. In any project, should the cost of pedestrian, public transit, and/or bicycle facilities cause an increase in project costs in excess of 5%, as determined by engineering estimates, that would have to be funded with local tax dollars, then and in that event, approval by the Mayor and Council must be obtained for same prior to bidding of the project.

d. Nothing contained herein shall be deemed to require the expenditure of funds by the Borough nor the inclusion of any particular pedestrian, bicycle or public transit facilities in any plans for any street project.

Date: June 11, 2011 APPROVED:
