Bicycling and Walking Well Represented at the New Jersey American Planning Association Conference

Several innovative sessions held at annual conference January 28th and January 29th

On January 28th and 29th the New Jersey chapter of the American Planning Association hosted its annual Conference in New Brunswick. Several sessions were of note to bicycling and walking in New Jersey, and included unique and innovative sessions by the New Jersey Bicycle and Pedestrian Resource Center and the New Jersey Department of Transportation. They included "Envisioning NJ’s Next Generation Travel Plan for Walking & Bicycling," "Everyone is Welcome: Diversity and
Inclusion through Open Streets Programs," and "Complete Streets in Your Community: Now and Tomorrow." Read more here.

The Federal Department of Transportation Passed the First Transportation Bill in Over 10 Years...But Now What?

What the FAST Act could mean for you

You may have heard that on December 4th, 2015 the United States government passed a new surface transportation bill, called Fixing America’s Surface Transportation Act, or "FAST Act." For Complete Streets supporters, that's good news. That's because the Act contains language explicitly in support of Complete Streets through policies and funding opportunities. As at the New Jersey DOT, the Federal DOT has recognized pedestrian and bicyclist safety and accessibility as a top priority. For more information about how the FAST Act impacts bicycle and pedestrian planning, click here.
